### Jacobson nominated to SupplyChainBrain's 2010 100 Great Supply Chain Partners list

Des Moines, IA – (July 27, 2010) - Jacobson Companies has recently been nominated to SupplyChainBrain's 2010 **100 Great Supply Chain Partners** list.

**SupplyChainBrain's 8<sup>th</sup> Annual 100 Great Supply Chain Partners Program** is the result of a six-month on-line poll in which supply chain professionals are asked to nominate vendors and service providers whose solutions have made a significant impact on their company's efficiency, customer service and overall supply chain performance.

"In 2010, we received more than 2,800 nominations from small and large companies covering scores of different industries," states Brad Berger, publisher of SupplyChainBrain. "More than 600 vendors of every conceivable type of supply chain activity were nominated - from very specialized technologies, to a wide range of third-party logistics, transportation and consulting services. The 100 companies that received the most qualified nominations are represented on this year's list which is published within the July issue of SupplyChainBrain's magazine and on [SupplyChainBrain.com](http://SupplyChainBrain.com) for the remainder of 2010."

### About SupplyChainBrain – [www.supplychainbrain.com](http://www.supplychainbrain.com)

SupplyChainBrain is the world's most comprehensive information resource for supply chain news, intelligence, strategy and innovation. In addition to the fundamental principles of supply-chain management, SupplyChainBrain identifies emerging trends, technologies and best practices, forward thinking ideas and cutting-edge solutions—and continues to write and report about these as they evolve and mature. SupplyChainBrain targets the high-level executive, who is concerned with such strategic issues as managing risk, aligning the supply chain with corporate planning, achieving competitive advantage, balancing customer demands with the need to control cost, and improving the bottom line. Collectively, the highly experienced SupplyChainBrain editorial staff has spent more than a century researching, analyzing, writing and reporting about issues and applications related to logistics and the supply chain. It is this level of expertise combined with that of our many respected content partners that influences the information we present through our web site, blogs, newsletters, video casts, webinars and magazine.
