

Need contract packaging solutions?

Consider **Jacobson in Des Moines, IA**, for all your packaging needs!

*“Jacobson helped us to design better items for our customers and find a way to reduce costs- **\$1.6 million worth of costs** on a very small piece of our business, so it was substantial. They also helped us become a more sustainable company. They helped us eliminate waste and reduce the amount of trucks we were using to ship products. Jacobson really understood what our goals were, what we were trying to drive and achieve, and they went out of their way to add value to our process and procedures. We know that Jacobson will continue to be a partner with us as we continue to grow.”*

Sam Gagliardi - Barilla
